Stop Data Breaches in Their Tracks: Proactive Monitoring & Expert Remediation with Access Premier Protect

Extend Your Protection with Access Premier Protect

Your business holds sensitive information that must be protected, not just from operational risks but from the looming threat of data breaches. **Access Premier Protect** enhances your existing security measures by providing preparedness tools and expert guidance, ensuring you're never left vulnerable when a breach occurs. From pre-breach resources to post-breach recovery, we have you covered every step of the way. **Access Premier Protect**, powered by Vero, LLC, provides comprehensive protection that extends beyond just cyber security software. It offers round-the-clock dark web monitoring, real-time alerts, and direct access to cybersecurity experts. Our pre-breach tools help you strengthen your defenses, and if a breach occurs, we ensure swift legal and recovery support to mitigate damage.

The Reality of Data Breaches

Data breaches are an unavoidable reality in today's cyber-attack-prone environment. It's not a question of if your company will experience a data breach, but when. Over 1,240 data breaches were reported in 2018, affecting both large enterprises and small to medium-sized businesses alike. Whether you're a global player or a growing company, cyber incidents don't discriminate, and with the average cost of a breach exceeding \$2.3 million, being unprepared can cost you more than just your data—it can cost your reputation.

With Access Premier Protect you'll receive:

PRE-BREACH PREPAREDNESS

using e-learning modules and risk assessment tools to strengthen your defenses.

24/7 DARK WEB MONITORING

to survey for compromised business email addresses and immediate alerts.

IMMEDIATE LEGAL SUPPORT

with access to a data breach attorney who ensures compliance with breach notification laws.

IDENTITY THEFT RECOVERY SERVICES

to provide support for up to 50,000 individuals affected by a breach, protecting your organization's reputation while fostering trust amongst your staff.

EMPLOYEE PROTECTION BENEFITS

to provide identity theft recovery services for your employees and their families.

Proactive Preparedness for Breaches

Your first line of defense is preparedness. Our Cyber Security Resource Portal is packed with e-learning modules, sample policies, and risk assessment tools to help you stay ahead of evolving threats. We also offer 24/7 dark web monitoring, ensuring your business's email addresses and domains are under constant surveillance, with immediate alerts should any compromise occur.

Why Choose Access Premier Protect?

When you choose **Access Premier Protect**, you gain more than just protection—you gain peace of mind. With access to live breach response experts, consultative services, and comprehensive recovery options, we ensure that every aspect of a potential breach is handled efficiently and effectively. Our low-cost service provides immeasurable value by reducing the financial and reputational risks associated with data breaches.

Expert Guidance When You Need It Most

If a breach happens, **Access Premier Protect** connects you directly with a data breach attorney to help you navigate complex regulatory requirements. Legal guidance will ensure compliance with both state and federal laws, while our identity theft recovery services assist in the aftermath, offering coverage for up to 50,000 affected individuals. We also offer extensive support to your employees and their families through managed recovery services.

How It Works

PRE-BREACH PREPAREDNESS

Access Premier Protect prepares your organization by offering pre-breach resources, including a Cyber Security Resource Portal packed with risk assessment tools, e-learning modules, and sample policies. Your domains and email addresses are monitored 24/7 to detect any compromise on the dark web, giving you the power to act before a breach happens

LIVE RESPONSE AND POST-BREACH SUPPORT

If a breach is detected, immediate action is triggered. You will have 24/7/365 access to a live breach response expert who will guide you through critical first response steps. Our service includes two hours of consultation with a cyber risk expert and assistance from a data breach attorney to ensure you meet all regulatory requirements.

IDENTITY THEFT RECOVERY

In the event of a breach, **Access Premier Protect** offers full identity theft recovery services for up to 50,000 individuals, including credit monitoring and necessary follow-ups, ensuring comprehensive post-breach recovery and minimal impact on your business operations.
